

Dansk 3 (PD3) - Complete Project Roadmap & Status

Project Overview

What is Dansk 3 (PD3)? Prøve i Dansk 3 is the B2-level Danish language exam required for Danish citizenship and professional authorization. It consists of three components:

1. **Læseforståelse (Reading Comprehension)** - Written exam
2. **Skriftlig fremstilling (Written Production)** - Written exam
3. **Mundtlig kommunikation (Oral Communication)** - Oral exam

This project focuses on creating practice exams for **all components** of PD3.

Exam Structure (Official Format)

1. LÆSEFORSTÅELSE (Reading Comprehension) - 90 minutes total

Læseforståelse 1 - 25 minutes

- **Delprøve 1:** Information search task
 - 14-page text collection with ~5 subsections
 - 15 factual questions (who/what/where/when/why)
 - Use table of contents to locate answers
 - No dictionaries allowed
 - Example topics: Sønderjylland, Danish regions, cultural topics

Læseforståelse 2 - 65 minutes

- **Delprøve 2A:** Multiple choice comprehension (1.5-page text, 3 questions)
- **Delprøve 2B:** Text reconstruction (2-page text, place 5 missing paragraphs)
- **Delprøve 3:** Cloze test (1-page text, fill 8 gaps with correct words/phrases)
- Topics: Societal issues (business, leadership, handicaps, etc.)
- No dictionaries allowed

2. SKRIFTLIG FREMSTILLING (Written Production) - 2.5 hours

- **Delprøve 1:** Reply to friend's email (respond to 4 underlined questions)
- **Delprøve 2A OR 2B:** Essay on societal topic

- 2A: Describe diagram + analyze causes + discuss advantages/disadvantages
- 2B: Personal experience + comment on sub-topics + discuss advantages/disadvantages
- Minimum 200 words
- Dictionaries allowed

3. MUNDTLIG KOMMUNIKATION (Oral Communication) - ~10 minutes

- **Delprøve 1:** Prepared presentation (2 min) + follow-up questions (3 min)
 - Topic given 1 week before exam
 - Example: "Lifestyle diseases with focus on diabetes"
 - **Delprøve 2:** Unprepared discussion (~5 min)
 - Draw 1 of 3 topics at exam
 - Answer questions about concrete and overarching aspects
 - Example: "Social media use", "Job searching and unemployment"
-

Project Goals

Create **complete practice exam simulations** for all three components:

1.  **Læseforståelse Delprøve 1** (Information search) - COMPLETE
 2.  **Læseforståelse Delprøve 2A** (Multiple choice) - TO DO
 3.  **Læseforståelse Delprøve 2B** (Text reconstruction) - TO DO
 4.  **Læseforståelse Delprøve 3** (Cloze test) - TO DO
 5.  **Skriftlig Fremstilling Delprøve 1** (Email reply) - TO DO
 6.  **Skriftlig Fremstilling Delprøve 2** (Essay) - TO DO
 7.  **Mundtlig Kommunikation Delprøve 1** (Prepared presentation) - TO DO
 8.  **Mundtlig Kommunikation Delprøve 2** (Unprepared discussion) - TO DO
-

COMPLETED WORK: Læseforståelse Delprøve 1

Status:  10/10 Simulations COMPLETE

All JSON files created with full text embedded in hierarchical structure:

#	Topic	Filename	Status
1	Odense	dansk3_sim01_delprove1_odense.json	✓ DONE
2	Bornholm	dansk3_sim02_delprove1_bornholm.json	✓ DONE
3	Færøerne	dansk3_sim03_delprove1_faeroerne.json	✓ DONE
4	Dansk filmkunst	dansk3_sim04_delprove1_filmkunst.json	✓ DONE
5	Dansk design	dansk3_sim05_delprove1_design.json	✓ DONE
6	Dansk industri	dansk3_sim06_delprove1_industri.json	✓ DONE
7	Dansk natur	dansk3_sim07_delprove1_natur.json	✓ DONE
8	Aalborg	dansk3_sim08_delprove1_aalborg.json	✓ DONE
9	Aarhus	dansk3_sim09_delprove1_aarhus.json	✓ DONE
10	Dansk madkultur	dansk3_sim10_delprove1_madkultur.json	✓ DONE

JSON Structure (Delprøve 1)

Each JSON contains:

json

```

{
  "exam": "pd3",
  "component": "laeseforstaelse",
  "subpart": "delprove1",
  "simulation_id": "sim01-sim10",
  "title": "Topic title",
  "time_limit_minutes": 25,
  "aids_allowed": false,
  "total_points": 15,
  "instructions": { "da": "... " },

  "tekstsamling": {
    "title": "...",
    "table_of_contents": [...],
    "sections": [
      {
        "title": "Section title",
        "subsections": [
          {
            "title": "Subsection title",
            "paragraphs": ["Para 1", "Para 2", ...]
          }
        ]
      }
    ]
  },

  "questions": [
    {
      "number": 1,
      "section_hint": "Subsection name",
      "question": "Question text?",
      "expected_answers": ["answer1", "answer2", ...],
      "answer_type": "factual_short",
      "points": 1
    }
  ]
}

```

Key Features:

- Full 14-page text embedded hierarchically (sections → subsections → paragraphs)
- Complete table of contents with page numbers

- 15 questions per simulation
 - Multiple acceptable answer variations
 - Self-contained (no external dependencies)
-

REMAINING WORK

Phase 2: Læseforståelse Delprøve 2A (Multiple Choice)

Format:

- 1.5-page text on societal topic
- 3 multiple choice questions (3 options each)
- Questions follow text chronologically
- Test detailed comprehension

To Create:

- 10 simulations (sim01-sim10)
- Topics: Business, leadership, disabilities, social issues
- JSON structure: text + 3 questions with correct answer IDs

Example Structure:

```
json
```

```
{
  "exam": "pd3",
  "component": "laeseforstaelse",
  "subpart": "delprove2a",
  "simulation_id": "sim01",
  "text": "Full 1.5-page text...",
  "questions": [
    {
      "number": 1,
      "question": "Question text?",
      "options": ["A", "B", "C"],
      "correct_answer": 1,
      "points": 1
    }
  ]
}
```

Phase 3: Læseforståelse Delprøve 2B (Text Reconstruction)

Format:

- 2-page text with 5 removed paragraphs
- Paragraphs presented in random order
- Match each paragraph to correct position
- Test text cohesion understanding

To Create:

- 10 simulations (sim01-sim10)
- JSON structure: text with gaps + 5 paragraphs + correct positions

Example Structure:

```
json
```

```
{
  "exam": "pd3",
  "component": "laeseforstaelse",
  "subpart": "delprove2b",
  "simulation_id": "sim01",
  "text_with_gaps": "Text {{gap1}} more text {{gap2}}...",
  "paragraphs": [
    {"id": "A", "text": "Paragraph text..."},
    {"id": "B", "text": "..."}
  ],
  "correct_order": [3, 1, 5, 2, 4],
  "total_points": 5
}
```

Phase 4: Læseforståelse Delprøve 3 (Cloze Test)

Format:

- 1-page text with 8 missing words/phrases
- 4 options for each gap
- Test precise vocabulary and grammar

To Create:

- 10 simulations (sim01-sim10)
- JSON structure: text with gaps + 4 options per gap

Example Structure:

json

```
{
  "exam": "pd3",
  "component": "laeseforstaelse",
  "subpart": "delprove3",
  "simulation_id": "sim01",
  "text_with_gaps": "Text {{gap1}} more text...",
  "gaps": [
    {
      "number": 1,
      "options": ["word1", "word2", "word3", "word4"],
      "correct_answer": 2
    }
  ]
}
```

Phase 5: Skriftlig Fremstilling Delprøve 1 (Email Reply)

Format:

- Email from friend with 4 underlined questions
- Candidate must reply addressing all 4 questions
- Informal tone, conversational

To Create:

- 10 simulations (sim01-sim10)
- Topics: Planning events, asking advice, sharing experiences
- JSON: email text + 4 questions + evaluation criteria

Phase 6: Skriftlig Fremstilling Delprøve 2 (Essay)

Format:

- Two options: 2A (diagram-based) or 2B (experience-based)
- Both require 200+ words
- Three parts: describe/share, analyze, discuss

To Create:

- 10 simulations with BOTH 2A and 2B options
 - 2A: Include diagram data + prompts
 - 2B: Include 6 sub-topic options + prompts
-

Phase 7: Mundtlig Kommunikation Delprøve 1 (Prepared)

Format:

- Topic given 1 week before
- 2-minute presentation + 3 min Q&A
- Societal issues

To Create:

- 20+ topics with:
 - Main topic description
 - Suggested sub-points
 - Sample follow-up questions
 - Evaluation criteria
-

Phase 8: Mundtlig Kommunikation Delprøve 2 (Unprepared)

Format:

- Draw 1 of 3 topics
- 5 minutes discussion
- Two-level questioning (concrete → overarching)

To Create:

- 30+ topics (10 sets of 3)
 - Each with concrete + overarching question examples
-

Technical Infrastructure Needed

Frontend Components

1. **Text Reader** - Display tekstsamling with navigation
2. **Question Interface** - Input short answers
3. **Multiple Choice Interface** - Select from options
4. **Drag & Drop Interface** - Text reconstruction (delprøve 2B)
5. **Timer** - 25 min for delprøve1, 65 min for delprøve2
6. **Answer Validation** - Check against expected_answers array
7. **Score Display** - Show points and feedback

Backend/Grading

1. **Flexible Answer Matching** - Handle variations ("1932", "i 1932", "år 1932")
 2. **Partial Credit** - For questions requiring multiple items
 3. **Essay Evaluation** - Manual or AI-assisted for skriftlig fremstilling
 4. **Progress Tracking** - Save user progress
 5. **Statistics** - Track performance across simulations
-

Content Creation Strategy

Priority Order (Recommended)

1.  **Læseforståelse Delprøve 1** - COMPLETE (10 simulations)
2.  **Læseforståelse Delprøve 2A** - NEXT (creates complete delprøve 2)
3.  **Læseforståelse Delprøve 2B** - NEXT (completes reading section)
4.  **Læseforståelse Delprøve 3** - NEXT (completes reading section)
5.  **Skriftlig Fremstilling** - Both parts
6.  **Mundtlig Kommunikation** - Both parts

Workflow Per Component

1. Research official exam format and examples
 2. Create markdown source files (text + questions)
 3. Generate JSON with embedded content
 4. Test JSON in platform
 5. Refine and iterate
-

Success Metrics

Læseforståelse Delprøve 1

-  10 complete simulations
-  14-page text collections per simulation
-  15 questions per simulation (150 total)
-  Multiple answer variations
-  Hierarchical text structure
-  Ready for platform integration

Future Success Criteria

- All 8 components have 10+ simulations
 - Content difficulty matches official exam
 - Questions cover full range of skills
 - Automated grading working accurately
 - User feedback incorporated
 - Beta testing completed
-

Next Session Focus

Tomorrow's Priorities:

1. Review Læseforståelse Delprøve 2A official format
2. Create 1-2 sample texts + questions
3. Define JSON structure for delprøve 2A
4. Begin production of 10 delprøve 2A simulations

Questions to Address:

- Difficulty calibration for B2 level
 - Text topics (societal issues - which ones?)
 - Question types and progression
 - Integration with existing platform
-

Notes

- Content created by Claude (Anthropic) with Denis (CivicLearn owner)
- All content in Danish language
- Target audience: B2-level Danish learners
- Use case: Citizenship exam preparation, professional authorization
- Business model: Freemium/subscription on civiclearn.com

Status Summary: Phase 1 (Læseforståelse Delprøve 1) complete with 10 high-quality simulations. Ready to begin Phase 2 (Delprøve 2A) with clear structure and methodology established.
